COVID

Please continue to use the District's COVID self-screener ([the screening tool](#)) every day before leaving for school and be vigilant about handwashing and other measures to keep yourself safe throughout the day. This past week we had several positive COVID cases. Although we are no longer excluding students and adults who may have been in close contact with an individual having COVID, in a school setting exposure is always a possibility. If you or your child is experiencing any symptoms outlined on the self-screener, please follow those directions closely. Additional guidance regarding what to do if you are ill or if you have been in close contact can be found here ([this webpage](#)).

Por favor, continúe usando la autoevaluación de detección de COVID del distrito ([la herramienta de detección](#)) diariamente antes de salir a la escuela y esté atento al lavado de manos y otras medidas para mantenerse seguro durante el día. Esta semana pasada tuvimos 2 caso positivos de COVID. A pesar de que ya no excluimos a los estudiantes y adultos que puedan haber estado en contacto cercano con una persona con COVID, en un entorno escolar la exposición es siempre una posibilidad. Si usted o su estudiante están experimentando alguno de los síntomas que se indican en la autoevaluación, por favor, siga las instrucciones de cerca. Orientación adicional sobre lo que debe de hacer si usted está enfermo o si ha estado en contacto cercano, está aquí ([esta página web](#)).

School Performance Plan Goals:

School Adult Learning Culture Goal: Increase belonging and support students by having one teacher to be their advisor for all four years. Students chose their advisor they had a good relationship with. Advisors will know students' hopes and dreams, goals, family, assist them with academics, goal setting, and finding an internship in their area of interest. This will improve our Climate Data in Adult Support, Adult Respect and Student Respect by 5% to: Adult Support 71% to 76%, Adult Respect 68% to 73%, and Student Respect 67% to 72%.

School Student Success Goal: By June of 2023, the academic achievement (ELA, Math, Science) will increase by 5% for all special populations (ELA: Hispanic 13% to 18%, FRL 25% to 30%, IEP 6% to 11%, EL NA; Science: Hispanic 14% to 19%, FRL 25% to 30%, EL 14% to 19%, IEP 21% to 26%, White 41 to 46%; Math: 8% to 13%, FRL 14% to 19%, IEP 12% to 17%, EL NA, White 43% to 48%)

School Connectedness Goal: By June of 2023, Incline HS will improve student relationships by 5% points from 73% to 78% by creating a diverse student voice group and through relationship building, and SEL activities in Advisory.

AB 219 Corrective Action Plan: The School Performance Plan is designed to analyze data that is relevant to all student achievement, including our EL students. The following information is in addition to and supplemental to the 3 Inquiry Areas and Equity Supports surrounding the EL population. Root causes were determined based on data to drive school improvement and shrink the achievement gap for our special populations with special attention to AB 219 and the EL population.

Data Reviewed: Incline students identified as English Learners (greater than 10) were rank ordered in calculated pool proficiency rates within the Nevada School Performance Framework (NSPF) and as determined, the EL pooled proficiency rates corresponded to the lowest 30 percent of achievement for not scoring in the proficient range on the ACT ELA and Math proficiency of EL students statewide. Pool Proficiency is defined as: $(\#ELA \text{ proficient} + \#Math \text{ proficient}) / (\#ELA \text{ assessed} + \#Math \text{ assessed})$ and for HS schools were identified if they had an EL pooled proficiency rate equal to or less than 0.46%. BIG Reports reviewed as well as an ELD specialized report for Incline HS.

Problem Statement: The English Learners in the pool proficiency group are scoring equal to or less than 0.46% in ELA and Math on the ACT.

Critical Root Causes: Need for backwards design in lesson planning to the ACT and proper support and course placement in courses that will support grade level proficiency, Academic Language, Reading, Writing, and Math.

Goal: The average composite of Long-Term ELs will improve by a minimum of 0.5% in ELA and Math on the ACT.

Improvement Strategy: Implementation of language acquisition strategies through ELLevations.

Action Steps:

- Dept. of ELD whole staff training on ELLevations Platform (1/9/23)
- Schedule additional ELLevations module/s training from ELD Department to build staff capacity
- Hired EL staff with intention of building capacity of all staff
- Strategic placement for support and acceleration in Academic Language, and ELA & Math proficiency
- Coaching and support around high leverage instructional strategies
- Deep data dive to identify skills focus for each student and roll out to PLCs
- Goal session with each student
- Bi-lingual Freshmen/Sophomore Parent Information Nights to explain WIDA scores and how why the ACT is important
- Professional Learning on Language Acquisition, Academic Language and Language Objectives
- Creation of Heritage EL class for targeted intensive support with freshmen and sophomores
